Our Mission:
To continue to bring gun safety awareness to our children and provide our gun safety awareness video to all schools and public or private forums available to us

JUST TAKE A LITTLE OFF THE TOP!

Everybody gets a haircut once in a while, but last month two special Full Throttle people did a lot more than that! Our office manager Tina Mathey and editor Tony Cianci's daughter Krysie visited Thee Salon in Clearwater and did something none of us thought we would ever see. Tina had over 12 inches of her golden blond hair cut off and Krysie chopped off over 18 inches of the most beautiful, thick brown hair I've ever seen. Both ladies wanted to donate their hair to Locks of Love and Debbie, owner of Thee Salon, was more than happy to make that wish come true. Here are a few photographs of before and after!
